## January 3, Emergency meeting

Attendance: Justine, Melissa, Stacey, Dave, Brooke, Amy, Erin, Cindy, Tracey

- Gym closed as of Wednesday, Jan. 5
- Do we stay open today and tomorrow? Consensus is yes...
- Day Camps are to close Wednesday
- For camp cancellations, do we refund or give credit? Refunds are the best policy.
- Rec. session will be bumped forward, no refunds necessary.
- Closure is until ~January 26
- Rec. session would presumably resume Monday, January 31
  - This depends on government announcements
- Recreation payments will also need to be bumped forward. Tracey will look into this on Amelia. Hopefully this will be an easy solution. Diane will online chat with Amelia
- Birthday parties will be given the option to cancel for refund or postpone to a later date
- Competitive training: remain open tomorrow.
  - What to do moving forward? Zoom is not a realistic option as athletes don't generally want to do it.
  - Conditioning programs feel like a better option
  - This also depends on payments. Maybe a workout from home option with limited zoom training is best to keep athlete contract obligations
  - What reduction in fees are we going to do?
  - Zoom calls can be check ins about conditioning as well as group conditioning
  - Amy feels 2 WAG staff could run their online program
  - It would be great if Feng could do MAG zoom training. Cindy to communicate.
- Parents are wondering what is the plan
  - Social media post and an email is necessary
  - Staff will need a day or two to make their plans and communicate with parents
- Thoughts are that competitions will be canceled in February
- Amy to meet with comp. staff at 7pm
- Amy Can we put together a package for athletes and charge them a flat fee?
  - Flat percentage for each comp group is the best way to work within Amelia
  - 40% was the past agreement of payment
- Erin to put together a staffing costs to figure out how to move forward
- Bottle drop is still moving forward on Saturday, Jan 8
- Some ROE's will need to be approved for staff layoffs
- CERS and CEWS are being extended
- Property tax and energy rebates are available in mid January
